WARNING!

- To reduce the risk of injury, adult supervision is required. Never use in roadways, near motor vehicles, on or near steep inclines or steps, swimming pools or other bodies of water. Always wear shoes and a helmet.
- Never allow more than 1 rider.
- **TO PREVENT FIRE AND ELECTRIC SHOCK:**
 - Only use battery and charger provided and specified by manufacturer. Use of the wrong type of battery for charger could cause a fire or explosion.
 - **DO NOT** use the battery or charger for any other product. Overheating, fire or explosion could occur.
 - **NEVER** modify the electric circuit system. Alterations could cause a shock, fire or explosion.
 - **DO NOT** allow any type of liquid on the battery or its components. Explosive gases are created during charging. **DO NOT** charge near heat or flammable materials. Charge in a well ventilated area **ONLY**.
- Charge the battery in a dry area **ONLY**.
- **DO NOT** open the battery. Battery contains lead acid and other materials that are toxic and corrosive.
- **DO NOT** open the charger. Exposed wiring and circuitry inside case may cause electric shock.
- **ONLY ADULTS** may handle or charge the battery. **NEVER** allow child to handle or charge the battery. Battery is heavy and contains lead acid (electrolyte).
- **DO NOT** drop the battery. Permanent damage to the battery could occur or cause serious injury.
- Before charging the battery, check for wear or damage to the battery, charger and the connectors. **DO NOT** charge the battery if any damage to parts has occurred. Replace with manufacturer's parts **ONLY**.
- **DO NOT** allow the battery to drain completely, recharge the battery after each use or once a month if not used regularly.
- **DO NOT** charge battery upside down.
- Always secure the battery with the bracket. Battery can fall out and injure a child if vehicle tips over.
- **If a battery leak develops**, avoid contact with the leaking acid and place the damaged battery in a plastic bag. See information in "Disposal of Battery" for proper disposal.
- **If acid comes in contact with skin or eyes**, flush with cool water for at least 15 minutes and call a physician.
- **If acid is internally ingested**, give water, milk of magnesia or egg white immediately. Never give emetics or induce vomiting. Call a physician.

TROUBLESHOOTING

1. If the car doesn't start.

A. Make sure all wires are connected.

B. Make sure the on/off switch is in the "on" position.

2. If the speed is too slow.

A. The battery needs to be charged.

B. Make sure battery has been fully charged for 8-10 hrs

3. If the battery doesn't charge

A. Make sure you are using a 6-Volt battery in the vehicle.

B. Batteries may need to be replaced.

C. Check to see if charger is damaged. Never use a charger with torn wires.

4. About the charging.

A. Charging time is approx. 8-10 hours, don't charge over 15 hours. It is normal when the charger appears a little hot.

B. After using, please charge. Charge the battery fully before using for the first time. Charge once or twice a month.

C. Please move any connector from battery when not in use for a long time.

D. Do not drain battery completely.

BATTERY DISPOSAL

- Your battery is a non-spillable sealed lead-acid battery. It must be recycled or disposed of in an environmentally sound manner.
- Do not dispose of a lead-acid battery in a fire. The battery may explode or leak.

FUSE

The vehicle is equipped with a self-resetting fuse. When the vehicle is overloaded or operated incorrectly, the self-resetting fuse will be cut off for 2 minutes before becoming operational again.

The self-resetting fuse is included in the sealed battery.

To use the vehicle, follow these guidelines:

- DO NOT overload the vehicle. Maximum weight allowed: 25kg.
- DO NOT tow anything behind the vehicle.
- DO NOT drive up steep slopes.
- DO NOT drive into fixed objects, which may cause the wheels to spin, causing the motor to overheat.
- DO NOT drive in very hot weather, components may overheat.
- DO NOT allow water or other liquids to come in contact with the battery or other electric components.
- DO NOT tamper with the electric system. Doing so may create a short circuit, causing the fuse to trip.

PLEASE NOTE: IN CASE OF PRODUCT FAULT DO NOT RETURN THIS PRODUCT TO STORE.

MAINTAINING YOUR VEHICLE

- Occasionally use a lightweight oil to lubricate moving parts such as wheels and the steering linkages.
- Park the vehicle indoors or cover it with a tarp to protect it from wet weather.
- Keep the vehicle away from sources of heat, such as stoves and heaters. Plastic parts may melt.
- ADULTS ONLY: recharge the battery after each use. Recharge the battery at least once a month when the vehicle is not being used.
- DO NOT wash the vehicle with a hose. DO NOT wash the vehicle with soap and water. DO NOT drive the vehicle in rainy or snowy weather. Water will damage the motor, electric system and battery.
- Clean the vehicle with a soft, dry cloth. To restore shine to plastic parts, use a nonwax furniture polish. DO NOT use car wax. DO NOT use abrasive cleaners.
- DO NOT drive the vehicle in loose dirt, sand or fine gravel, which could damage moving parts, motors or the electric system.

PLEASE NOTE: IN CASE OF PRODUCT FAULT DO NOT RETURN THIS PRODUCT TO STORE.
